FCC Form 471 Review Process

Program Integrity Assurance (PIA) Review

After applicants certify an FCC Form 471 within the filing window, PIA reviewers check the information on the form for completeness and accuracy.

Before your PIA Review - Review your FCC Form 471

- After certifying your FCC Form 471, and while you are waiting for your PIA review, you should double-check **your filing** for accuracy.
- If you find any information that should be corrected or updated, you can submit a [Receipt Acknowledgment Letter \(RAL\) Modification Request](#).
- If you are using a new or existing contract on your FCC Form 471, you must have a contract **record** uploaded to your EPC profile.
 - To create that record, go to your organization page and click **Contracts**, then **Manage Contracts** and **Add a New Contract**.

PIA Review Details

- Your PIA reviewer may contact you to verify:
 - [Eligibility of one or more of your schools or libraries.](#)
 - [Eligibility of the requested services.](#)
 - Compliance with program rules.
- Additional information may be requested such as:
 - Vendor documentation that supports the funding request amount.
 - Supporting documentation that validates the requested discount percentage.
 - Supporting documentation that validates entity's eligibility for E-Rate funding.

FCC Form 471 Modifications

- As part of the review process, PIA reviewers may be required to modify information on your funding request.
 - For example: PIA reviewers may change student count, or service type based on the information available.
 - If a PIA reviewer discovers ineligible services in a funding request, applicants can ask to have them moved to a separate funding request or removed altogether.

FCC Form 471 Modifications

- IF PIA Reviewers modify information on your funding request, you will receive an EPC notification to alert you to the change.

FCC Form 471 Status while under review

- While your form is under review, its status changes as the review process progresses.
- Your application may even revert back to a previous status.
 - This may occur due to the various levels of review involved.

Selective Review

- Selective reviews include all aspects of the competitive bidding process.
- This review is independent of other reviews conducted by PIA which may or may not still be in progress.

Selective Review

- USAC sends a **Selective Review Information Request (SRIR)** email to the FCC Form 471 contact to inform them that their entity has been chosen for selective review.
- The email provides information about how to submit a response and includes a link to access the SRIR in EPC.

Selective Review

If you receive a Selective Review Information Request (SRIR), you should:

- Confirm receipt of the SRIR by contacting the reviewer named in the request.
- Provide a complete response and all requested documentation to avoid delaying the review.
- Label each document with Funding Request Numbers (FRNs) and descriptions that identify them.

Selective Review

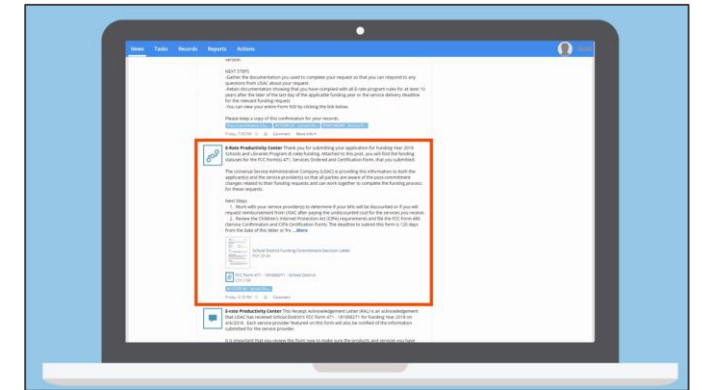

- Who can respond to SRIRs?
 - Applicants or authorized representatives of applicants
 - Service providers can assist applicants with the SRIR responses but cannot complete the SRIR.
- Contact your reviewer with any other questions.
